HOW TO PLAY

- 1: Make a regular Spanish21 Wager.
- 2: Make the optional fixed \$5 Bonus Spin Xtreme-16 side wager.
- 3: If the Dealer has a 6 (of any suit) plus a Face Card (of any suit) as their initial two cards that round, Players can win the Community Prize or the Hot Spot Prize.
- 4: All Bonus Spin Xtreme-16 bets lose if the Dealer does not have a 6 plus a Face Card as their initial two cards that round.

COMMUNITY PRIZE

A virtual wheel spins to determine the amount awarded to every Player that made a Bonus Spin Xtreme-16 bet that spin, except the Hot Spot Prize winner.

HOT SPOT PRIZE

A spot is randomly chosen to be the Hot Spot winner. The Player at that spot will then be able to spin a virtual wheel to win various prizes including a top jackpot award that is linked to the Bonus Spin Xtreme side bet on Roulette.

MYSTERY PRIZE

Players also have a chance to win the Mystery Prize at the end of every round, whether the Dealer has a 6 plus a Face Card as their initial two cards that round or not. The Mystery Prize winner is randomly triggered and must hit before it reaches up to \$200.
